

**THE POWER OF STEAM
FOR A NEW WAY OF CLEANING**

**WHY CHOOSE
STEAM IN YOUR
HOME?**

*Instantly cleans
and dries surfaces
saving money*

*Improves infection
controls higher
bacteria elimination*

*Cost effective and
environmentally
friendly cleaning
reduced water and
chemical usage*

*Reduced
cleaning time*

Electric power supply	220 - 240 V - 50/60 Hz
Max operating pressure	4,5 Bar
Total max power	2550 W
Boiler max power	1750 W
Max vacuum power	—
Iron power	800 W
Boiler capacity	2 l
Refill tank	—
Vacuum bucket	—
Weight	4,2 kg
Dimensions	460x350x310 mm

ACCESSORIES

APPLICATIONS

HOME

You can sanitize rooms, showers - toilets creating a clean and fresh environment.

- Bathroom
- Kitchen
- Windows
- Ovens
- Floor
- Doors
- Carpet
- Sofas
- Shower
- Living room

WELLBEING AND HEALTH

The power of the steam.

Steam at 150°C eliminates organic residues, pathogenic bacteriums and comes in handy to reach difficult surfaces (slicing, mincing machines, etc.), coupling with a single passage cleaning and disinfection, reducing the usage of chemical products. Improve end-users' safety without using dangerous solvents or detergents. Steam is environmentally friendly.
